

180 Orange-Citrus

Introduced:	2001
Beer Category/Styles:	Non-alcohol - Energy drinks.
Taste Profiles:	180 Orange-Citrus is refreshing, lightly carbonated and has an orange-citrus flavor.
Ingredients:	180 Orange-Citrus uses only the highest quality ingredients including vitamins B-6, B-12 and C (all vitamins at 100 percent recommended daily allowance) and natural citrus flavors. It is also enhanced with natural guarana, which gives 180 Orange-Citrus its “boost.”
How to Serve:	180 Orange-Citrus can be served straight, over ice, mixed or even blended into a smoothie with fresh fruits and a mint garnish.
Interesting Facts:	Guarana, used in 180 Orange-Citrus , consists of dried seeds from climbing evergreen shrubs native to the Amazon. Seeds are roasted and result in a natural form of caffeine, similar to a cola or coffee beans. 180 Orange-Citrus won a gold medal at the 2008 North American Beer Awards in the “carbonated soft drink” category.
